

The Cloud Factory Activity Page

Parents, use these suggested activities to encourage discussion with your child about how God created clouds and everything else in nature.

Then God said, "Let us make people in our image, to be like ourselves." (Genesis 1:26)

You made all the delicate, inner parts of my body and knit me together in my mother's womb. Thank you for making me so wonderfully complex! (Psalm 139:13-14)

Get out your family photo albums. With your child, look at the pictures from the day they were born. Talk about how God made him/her. He knit together all of the body parts, personality and characteristics that would make him/her a unique person.

Have your child create a self-portrait. Below the portrait write, "I am a work of art." Frame the picture and hang it in a special place.

Talk to your child about the things that make him/her special and unique.
